Who we are

The Veteran Community Business Chamber (VCBC) is the leading organisation for supporting entrepreneurship and small businesses in the military community. The businesses within the VCBC network are veteran-owned by current or ex-serving Australian Defence Force personnel, and their partners.

Our people are our point of difference. They display commitment, loyalty and have a strong understanding of service.

VCBC is a place for you to learn and share, to grow your business and support others on their journey.

Our pillars

The VCBC pillars drive our purpose and service delivery to our community.

Community

We've walked your path, we speak your language. We served together then, we've still got your back. Join the movement.

Education

We know you've got great skills from your service, but let's learn about marketing, sales, cashflow, account and a digital footprint and you're good to go.

Digital

It's not just about a website, but a digital presence. Social media and digital marketing are here to stay. Don't put up a poster, create an audience, engage with them, connect them to your vision.

Identification

Let's be proud of our past and embrace our future. Together, we are stronger than you can ever imagine. The first step is to stake the flag and identify as a veteran community owned business. #buyveteran

We're here to support you.

If you are you a Veteran, current serving member of the Australian Defence Force, or the partner of either, and have a passion for business, VCBC is here for you.

VCBC supports entrepreneurs and intrapreneurs, new business development and veteran employment.

Our people are from a wide range of industries, united by a common connection of military experience.

The biggest benefit is the community.

Connect with people who understand your journey and speak your language. The baseline trust in the connection with a veteran is very powerful when it comes to business. It is probably our strongest leverage point in supporting each other.

By joining as a Member, just some of the benefits to you and your business include:

- Access to the VCBC online registry where you can promote your business both within our community and beyond. Join the [#buyveteran](#) movement.
- Exclusive access to online training modules from Australia's most elite entrepreneur education provider, The Entourage, valued at over \$1200.
- Invitations to join network referral groups who to be matched with by location and synergies within business.
- Access to educational workshops and online recordings to grow your business acumen.
- Exclusive connections with industry-leading subject matter experts who will donate their time in live Q&A sessions. Sales, digital marketing, accounting, branding, systems and operational delivery amongst others.

It's free to join, or enjoy even more benefits for a small fee.
